GPA: 9.3/10

SKILL

- HTML
- CSS
- JavaScript
- ReactJS
- Java Programming
- C Programming

ACHIVEMENTS

- Earned a Java (Basics) certificate from HackerRank.

Kasetty pinaka pani

OBJECTIVE

I am a front-end developer with experience in design, development, and maintenance of websites. I am proficient in HTML, CSS, JavaScript and Java programming and I have practical knowledge of React. I am passionate about creating user-friendly websites. I have a keen eye for detail and I am always keeping up-to-date with the latest web technologies.

PROJECTS

Contact App – React Project

- The contact app, built using React and Firebase, serves as a CRUD (Create, Read, Update, Delete) application. It allows users to create new contacts, read existing contact information, update contact details, and delete contacts.

Catch The Insect Game – HTML, CSS and JavaScript

- In Catch the Insect game players aim to catch random insects without time limit, testing their reflexes and hand-eye coordination.

ATM Machine – Java Project

- An ATM machine project with set of functionalities including transaction history, balance checks, cash withdrawals, and deposits.

WORK EXPERIENCE

Oasis Infobyte | Web Developer Intern

Duration: Feb 2023 – March 2023

- I successfully completed several mini projects, including a tribute page, calculator, and to-do list using HTML, CSS and JavaScript.
- Through these projects, I gained practical experience and knowledge in these skills, along with GitHub experience.

Con10T Labs | Marketing Intern

Duration: Jan 2023 – April 2023

- Successfully completed assigned tasks which are aimed at company growth.
- Received a stipend of 1500rs for the duration of the internship.
- Learned the importance of teamwork and experienced its benefits in a professional setting.
- Developed collaboration skills by working effectively with colleagues and contributing to team projects.

EXTRACURRICULAR ACTIVITIES

Blogging

- Actively maintain a personal blog where I share insights, knowledge, and experiences on web development.

Open Source Contribution

- Contributed to basic projects by fixing bugs and adding new elements in frontend development.
